Why should I vote for DeWolf?

* **Open and accountable government** - As a journalist, DeWolf believes passionately in making the government transparent. No secrets, no hidden agendas and fair, respectful treatment of all residents.

* **A new beginning in relations with Arnprior** - Our two communities need to develop much closer ties. The four-lane expressway coming in this term and with the growth of the hi-tech industry, we both will experience explosive growth, regardless of what we may want. Both communities need to plan in harmony to manage that growth, provide services and retain our quality of life. We need each other and time is running out. Others give lip service to this, DeWolf means it. If we wait any longer, growth will urbanize all of McNab-Braeside in one acre steps.

* **A fresh look at recreation** - We need to decide as diverse communities within the township what our individual needs are. Each area needs to have real input and to have their views heard and when possible, acted on. We also need to maintain the recreation contract we have with the Civic Centre or our children will pay huge fees to participate in many sports and activities within the next three years. The Library user fees are just a very small taste of what could be ahead.

* **A realistic blueprint for the future** - Whether you believe in amalgamation or not, it is coming very soon. Our only choice is to offer a viable alternative to being ruled from

Points to consider

- * Do you want to pay \$400 per year for use of the Civic Centre?
- * Do you want to pay \$50 per year for use of the Library?
- * Do you want to pay for heavily used roads all over the township?
- * Do you want to pay the full price of rural policing, fire and garbage?
- * Do you want to pay for paving all the rural roads?

If the answer is no, then we need to stop building all over the township. We need to plan to service certain areas near Arnprior, and work with developers and the town to plan a sane, logical way to control growth, and maintain our lifestyle, while reaping the tax benefits of a thriving and growing community. We need to invest in the future.

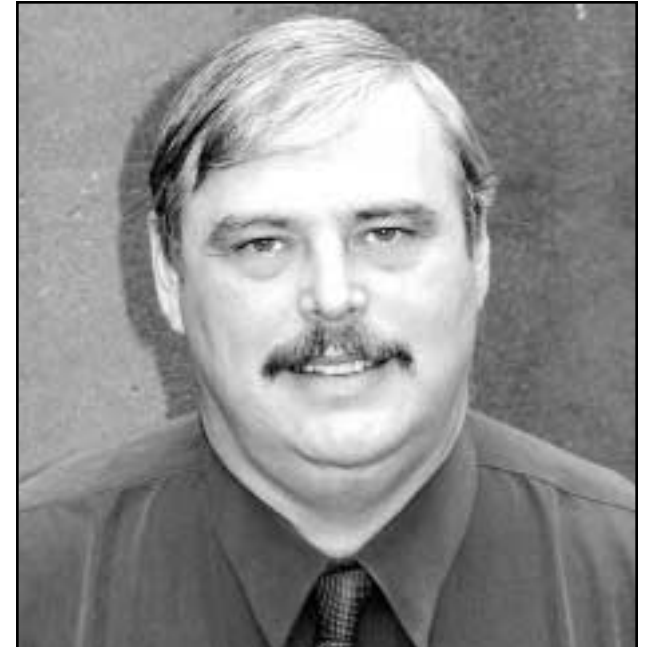

A vote for DeWolf means:

- * Bury the hatchet with Arnprior and work together.
- * A new deal for Library services with Arnprior and Renfrew.
- * Serious amalgamation talks.
- * Planned growth.
- * A ward system in any amalgamation.
- * A new sense of direction.
- * Fairness to all residents.
- * Open and accountable government.
- * A new realistic vision for the future.

**The time for a new
vision is November 13**
